Enclosed herewith is the fixed menu pricing for **BOLERO Pickup, THAR, GENIO Single Cab, GENIO Double Cab, GIO Load Carrier, GIO Passenger, MAXXIMO & MAXXIMO MiniVan** Body/Paint repair rates.

This can be used as a guide during discussions with insurance surveyors. These rates are Calculated based on the published, post-warranty labour rates (Ref 2011-PPC-00337/October 2011).

Following guidelines are addendum to the above referred notification:

- 1) **The Painting labour charges in the enclosed schedule are applicable only for New panel, i.e. Full panel painting**
 In case of repair / touch up painting, the painting labour charges may be reduced in the estimate according to the extent of damage, calculated on basis of area to be repaired / painted.

- 2) **The Painting labour charges in the enclosed schedule are applicable only for Single panel painting.**
 In case multiple panels (Full Panel Paining) are involved, the overall painting charges need to be reduced due to the following factors:
 - A. Reduction in paint preparation & application time
 - B. Reduction in the wastage of paint & non paint consumables
 - C. Reduction in the paint booth running cost

The multiple panel reductions to be incorporated, for calculating the painting labor charges of more than one replacement panel are as given below:

No Panels	Discount on Total Labour
2	2%
3	3%
4	4%
5	5%
6 & Above	6%

3) All the above rates are for using approved premium PU paints-

Supplier

Asian PPG
Akzo Noble
Du Pont
BASF
